## ROBBERS ON THE C. P.

## Mounted and Masked Men

## Stop the Train.

"Big" Ross Gives Them a Red-Handed Reception—The Robbers Scramper Off Without Plunder.

[SPECIAL TO THE SENTINEL.]

SAN FRANCISCO, Jan. 22.—About 1 o'clock this morning, from 8 to 12 mounted and masked men rode up to Montello station on the Central Pacific, 166 miles west of Ogden. They seized two whites and a half dozen Chinese section men and robbed them of what valuables they had on their persons and locked them up in the tank house. They then awaited the arrival of the east-bound express train, which came in soon after, when two of the highwaymen jumped on the engine and overpowered the engineer and fireman, and sidetracked the engine. The remainder of the gang first seized the train men and robbed them of what valuables they possessed and confined them also in the tank house. They then attacked the express car. Here they were met by a rapid fire from A. Y. Ross, the express messenger. The fire was returned briskly, and some 30 shots exchanged, when the robbers finding the resistance more spirited than they had expected, and probably fearing a demonstration on the part of the passengers, decamped. No one is known to have been killed or wounded. The passengers were not molested.

## \$1,000 EACH.

## Reward for the Robbers Who Attacked the C. P.

The following dispatch was received here at the Sheriff's office at 5 p. m. yesterday:

SAN FRANCISCO, Jan. 22, 1883.

To Sheriff Elwood County—The Central Pacific Railroad Company will pay a reward of \$500 for the arrest and conviction of each one of the highwaymen who attempted to rob the east-bound passenger train at Montello station, Nevada, between the hours of 1 and 2 o'clock this morning, January 22.

A reward will doubtless be offered by Wells, Fargo & Co., whose express car was assaulted and messenger wounded.

J. A. Fillmore, Gen'l. Supt. C. P. R. R. P. S.—Wells, Fargo & Co. offer same reward as above.

"Big" Ross, who was in charge of Wells, Fargo & Co.'s car, was well known in Eureka, and was a messenger on the E. & F. for some time. It is universally hoped that he is not seriously hurt. Such a hero ought to live to a good old age.

## More Railroad.

The Salt Lake Herald says: "Another broad-gauge railroad is projected between Denver and San Francisco. It is to be known as the Denver, Yosemite & Pacific Railroad, and the proposed line is to enter Utah at or near Salt Lake, and make the exit somewhere on the western line of that country. Surveyors are already in the field, and the company, which is mainly composed of some heavy Eastern capitalists, talk of a speedy construction. It is their intention to tap the most important mining camps of Southern Utah and Southeastern Nevada, as near as can be reached without too great a divergence from their route."

## FLUE DUST.

Scraps from the Note-book of the Sentinel's Reporter.

The weather yesterday was warm and pleasant.

Secure seats for Miss Conklin's benefit to-morrow evening.

Twelve miners were laid off at the Richmond mine on Saturday last.

The "Flying Dutchman" was the attraction at the Rink last evening.

A teamster's load line was found yesterday and left at this office for the owner.

A letter addressed to Morgan Cullen is held at the Postoffice for better direction.

Eureka Con. was quoted at \$10 50 yesterday, and will go higher in the next 30 days.

The ice at the Rink is in splendid condition, and the skaters run the institution night and day.

Since the Eureka Con. pumps were started the water has raised in the Richmond mine to the 9th level.

A special meeting of Commandery No. 2, Knights Templar, will be held at their hall this evening at 8 o'clock, sharp.

The funeral of the infant son of Mr. and Mrs. P. H. Hjul, who took place yesterday afternoon, was largely attended.

It is rumored that Big Ross received several flesh wounds that are not dangerous in the fight with the robbers recounted elsewhere.

A grand musical and literary entertainment will be given at the Baby Hill M. E. Church to-morrow evening, commencing at 7:30 o'clock.

The Centennial Guard will give a grand social party on Tuesday evening, Jan. 30, and they extend a cordial invitation to all to attend. The Centennials give first-class parties.

The first divine services ever held at Secret Canyon were conducted on Saturday evening last by Rev. G. W. James.

The choir was led by W. A. Atchinson, and rendered efficient service.

A teamster coming in from Mount Valley, Elko County, yesterday was caught out in the extreme cold weather of last Friday, and had his fingers badly frozen. He was unable to leave his team.

Brother James says his order for oysters at San Francisco was two dozen cases, containing 30 boxes each, each box containing 30 oysters, instead of, as reported, two dozen oysters for the entire church festival.

Our passenger list was obtained last evening through the goodness of the operator at Palisade, who telegraphed it to Virginia, whence it was flashed hither. The break between here and Palisade seems determined to keep broken.

Sunday morning a cigarette-smoking, pipe-smoking "dude" who had the confidence and the money of a frail sister, lost the most of it (\$400) and skipped the town. He goes under several aliases, Clayton, Cooper, etc. The foolish virgin took the train this morning, and the "dude" must have been better than he, for she made the money.

Dr. Thoma returned last night from a professional visit at Mineral Hill.

Mr. and Mrs. T. D. Page of Fish Creek returned from Elko Sunday night.

Henry A. Lee, advance agent for one of the theatrical companies, arrived last evening.

E. N. Robinson, Superintendent of the Albion Company, returned from San Francisco last night.

Hank Smith, a Comstock mining man, left for Ward yesterday. He goes to take a look at the Martin White mine. He will find it a "canner."

Max Men, a miner at work in the Kentuck mine, sustained some slight injuries about the face yesterday by the premature explosion of a cartridge.

The only Eureka lady in attendance at the Governor's levee last Friday evening was Mrs. George W. Merrill, who, Jenkins says, "looked very sweet in black silk and diamond ornaments."

Rev. C. B. Crawford has tendered his resignation as pastor of the Episcopal Church of Eureka, but as there was not a full attendance of the Board of Vestrymen when his resignation was offered, he has consented to withhold it until the next meeting, when a full attendance is expected.

By a dispatch received yesterday by E. Davidson, from Los Angeles, we learn that our old fellow townsman, Joshua H. Whitesides, died at that place yesterday. Mr. Whitesides came to Eureka in 1870, and left here for Los Angeles last Spring. He leaves a wife and one child, besides hosts of friends, to mourn his loss.

## THE TERACHOPI HORROR.

## Death of Particulars—Horror of Porter Ashe.

[SPECIAL TO THE SENTINEL.]

LOS ANGELES, Jan. 22.—No news has yet been received of the result of the Coroner's inquest into the cause of the railroad disaster. Rumors are afloat of the finding of more bodies, but nothing definite. The remains supposed to be Mrs. Downey, on examination to-day prove to be those of some other person. The bodies of Charles R. Pearson, express messenger, Miss M. E. Squires, and Lawrence, the sleeping car porter, were sent to Oakland, and that of C. H. Larabee to San Francisco by express this evening. James R. Dwyer, of Dwyer, Skiffle & Robertson of San Francisco, supposed to have been on the wrecked train, has arrived here safe. Porter Ashe exhibited a great deal of cool heroism at the burning of the cars. After drawing his wife and her maid through the window of the sleeper, he rescued ex-Governor Downey from between the broken timbers, saving his life.

## A Fine Show.

After much solicitation and urging by many friends who know their theatrical worth, the Trackes Concert Company have consented to appear at the Eureka Opera House to-morrow (Wednesday) evening. It is a very strong company, one of unusual merit as variety performers. We will vouch that they will give a more satisfactory performance than nine-tenths of the variety companies that come here from the East heralded as first-class performers. In fact, a number of those who will appear to-morrow evening are first-class in their specialties. George Elston, a universal favorite here, is a very sweet singer. Fred. Ritchie is unsurpassed in some respects as a Dutch comedian. Carroll and Nelson in their negro specialties, and extravaganzas never fail to set the house in a roar. Danny Mann and Lew Wood are up in the variety business and never tire an audience. These are the gentlemen who will appear. Miss Alice Cook, the Zanfretta Sisters, the De Vere Sisters and Miss Helen Conklin are the ladies who will take part. Miss Cook's singing is of a very high order, and her repertoire of operatic selections and rich ballads is practically inexhaustible. The Zanfretta Sisters are artistic dancers. The De Vere Sisters and Miss Helen Conklin are fair actresses, and will aid materially in producing a varied and symmetrical performance. Admission \$1; no extra charge for reserved seats.

## Accident to a Teamster.

Last Friday, the day that was bitterly cold, Bob Batfers, a well-known teamster, who had started out for Eureka with a load of charcoal, was coming down the canyon above Allison's ranch, when the wagon tipped over on a slant in the road. He was thrown to the ground, and the load of coal fell on him. He was supposed at first to be fatally hurt, but he was brought into town Sunday, and the physicians, upon a casual examination, think that he has no bones broken. His left hip was very badly bruised.

## FATAL EXPLOSION.

## One White Man and 22 Chinamen Killed.

## Explosion of the Mixing and Six Packing Houses of the Giant Powder Works near Berkeley.

[SPECIAL TO THE SENTINEL.]

SAN FRANCISCO, Jan. 21.—A Berkeley dispatch says: The mixing house and six packing houses of the Giant Powder Works at Point Clement, near West Berkeley, exploded at 4 p. m. The shock of seven explosions were felt in this town. One white man, the foreman, named Cook, and between 40 and 50 Chinamen are known to have been blown to atoms. Nearly the entire plant was destroyed by fire, which began immediately after the explosion. The Superintendent was thrown a long distance, but was not injured. Physicians went down from Berkeley and West Berkeley.

The fire is still raging. A large magazine, containing over 200 tons of powder, is still safe. About eight tons exploded. The loss cannot be estimated. The dwelling houses on the east side of the hill are safe, but all the glass is shattered.

## THE FIRE STILL RAGING.

A later Berkeley dispatch says: It is now known that the number of Chinese killed is not as great as first reported. There are not over 30 missing. The fire is still raging, and more explosions are expected at any moment. The scene in the vicinity is terrible. The bodies can be seen lying near the line of the fire, but the men dare not rescue them for fear of their own lives. The Assistant Superintendent is missing, and is supposed to be killed. The Superintendent was not at the works at the time. A workman named Oscar Forgusky was pulled from the ruins soon after the explosion, seriously hurt. Four Chinamen have been taken from the debris, all badly hurt.

## DAMAGE TO THE HOUSES.

All the houses within a radius of half a mile are completely shattered. The doors and windows of the dwelling houses of the employees on the opposite side of the hill were blown in, and most of the occupants thrown to the floor. The sheds and barns were laid flat. The damage to the property is incalculable. The houses on the side of the hill, where the blasting powder was manufactured, was thrown over, and will probably have to be rebuilt.

## CAUSE OF THE EXPLOSION.

The cause of the first explosion in the mixing-house is yet unknown. The other explosions followed in the space of two minutes. All the buildings blown up were on the bay side of the hill, but the fire crept rapidly around, and now, 3 p. m., the large magazine is in danger. No attempt has been made to check the fire, owing to the danger. Many workmen escaped miraculously.

## A GOOD HOBBY FOR THE OREDOCK.

To-day is the first Sunday in many months that the works were running at full blast. The orders for 72 tons were loaded on schooners at the wharf. A driver with a team and a load of powder on the wharf jumped when the first explosion was heard into the water and escaped, when the wagon load exploded. The wharf has taken fire and is burning rapidly. Hospitals were improvised in the undamaged houses and the wounded cared for. Physicians have come out from Oakland and this town. This morning the first explosion that ever occurred at these works. Should the magazine explode all the houses in Berkeley would be damaged. Efforts will be made to subdue the flames and avoid this danger.

## PROBABLE LOSSES.

The total loss by reason of the explosion will reach not less than \$100,000. The giant powder works sustained a damage of \$80,000, and the acid works of Judson & Co. \$40,000. It is impossible to ascertain the exact loss of life. It is estimated that it is between 30 and 40. The first explosion occurred about 4 o'clock in the packing house, in which about 200 pounds of powder was stored. It is not known whether anybody was killed by the explosion or not. As soon as the packing house exploded, a number of Chinamen employed in other departments fled for their lives, and had reached the shore when the mixing house exploded, killing most of them in their tracks. It is thought that Ferdinand Kompf, Superintendent, was killed by this explosion. In about a minute one of the smaller houses exploded, followed immediately after by another explosion, which doubtless killed the surviving employees. A workman named August Forgusky was very seriously injured. All the other white men have been accounted for, and the dead are all Chinamen.

## THE MAIN MAGAZINE SAVED.

Efforts to prevent the flames reaching the main magazine were successful. A huge quantity of powder, were happily successful. The consequences would have been most frightful had the large magazine exploded, as one of the Superintendents stated that there is enough powder stored there to have destroyed every living thing on the peninsula.

## CAUSE OF THE EXPLOSION STILL A MYSTERY.

The cause of the first explosion remains a mystery. This evening 12 bodies were counted lying in the debris, and the Coroner's investigation to-morrow will probably disclose more than double that number. A force of men are engaged to-night in extinguishing the fire and recovering bodies.

## THE SCENE AT THE WORKS.

SAN FRANCISCO, Jan. 22.—An Oakland dispatch says: The scene at the giant powder works this morning was one of devastation and death. In the semi-circular excavation where the packing houses were located, the ground is covered with debris and timbers. Huge rocks, thrown by the violence of the series of explosions, lie on all sides. Lying on the ground are the mangled bodies of 21 Chinamen. One Chinaman died last night in the temporary hospital. So far as known, at noon, one white man and 22 Chinamen were killed.

## A BRAWL MAN.

The white man killed is Ferdinand Kompf, Assistant Superintendent. He could have saved himself, but remained to try to save the works. When the first explosion occurred he ran to the nitro glycerine house to turn on the water to extinguish the fire. He was killed by the explosion of the nitro glycerine house. It is thought that there are eight or ten bodies in the ruins. Oscar Forgusky was the only white man wounded. He will probably recover. Thirteen wounded Chinamen are lying in the quarters of the Chinese. The greater number of these will recover. The cause of the first explosion still remains a mystery. Whether the powder in every one of the packing houses exploded cannot yet be told. They are all filled in the debris. The magazines are uninjured, and danger of further explosions is deemed at an end.

## A RIBBON BACK.

The streets were filled with rumors last night in regard to the Albion. It was wildly stated that the ore had given out in the mine, and that the furnaces had closed down for that reason. The fact is that yesterday, at 3 o'clock, the water jackets began to get very hot, when it was discovered that the water had stopped. There was a "freeze up" somewhere, and search was instituted immediately to find it. Whether it has been found or not we had not heard at the time of going to press, but that the water will be running again very shortly there is every reason to expect.

## CARSON CORRESPONDENCE.

## Legislative Matters—The State Prison—Assembly Bill No. 39—Compiling the Statutes—In Aid of Science—Legislation for Our Militia—Lectures—Our Senators' Work—Governor's Reception—Fatal Shooting—Festive Gatherings—Etc.

CARSON CITY, Jan. 20, 1883.

Both branches of the Legislature adjourned yesterday, to meet on Monday, the 22d inst., at the usual hour. The present week has been quite a busy one with our legislators, who have passed several bills and killed others.

Of your delegation, Assemblyman Muldoon has introduced a bill (A. B. No. 77) to regulate proceedings in civil cases, and Assemblyman Smith is the author of a bill (A. B. 25) to appoint Clerks for Justices of the Peace. Assemblyman Marden is unrepresented in the pigeon-hole of the Sergeant-at-Arms' room.

Senator Foley's bill (S. B. 43) in relation to fees of the Clerk of the Supreme Court and county officers is in the hands of the Judiciary Committee. Senate bill No. 43 (by the same gentleman), concerning mortgages of personal property, was brought up yesterday, but out of courtesy to Senator Foley, who is in San Francisco, action on the bill was postponed.

## COMMITTEE VISITS.

The Senate and Assembly Committees on State Prison are to visit that penal establishment on Monday next. By the way, Warden Garrard's official report, which doubtless many of your readers have read, is a most interesting and excellent showing for the Warden's management. Two important items are shown—a reduction in the expenses of 1882 of \$13,735 from the running expenses of 1881, and a saving of \$4,431 32 in the matter of salaries. These figures are undoubtedly more pleasing to the average taxpayer than the Warden's theories on the prehistoric tracks found in the State Prison at Carson. These figures cannot be surpassed anywhere. Drop in and ask "Don" to show you samples.

## Something New.

Messrs. Singleton & McNicol are just in receipt of some choice winter drinks which have never before been in this market. Following are some of the brands: Peach and Honey Rock Candy and Rye; Rock Candy and Kneumel; Rhubarb Rock and Rye; Royal Pan and Geneva; and a very superior article of Irish Whisky. These liquors cannot be surpassed anywhere. Drop in and ask "Don" to show you samples.

## The Best Ever Offered in Nevada.

The wholesale liquor house of W. J. Tonkin & Co. have now in store and offer for sale in this market at wholesale and retail rates the finest stock of liquors and cigars ever offered in this market. The Bourbon whiskeys, direct from the distilleries, possess a mellowness unequalled. Their brandies, wines, etc., from old established houses of the Old World are a guarantee for purity and solidness. The stock of cigars is large and will please the most fastidious. Dealers in their line of goods will do well to give Messrs. Tonkin & Co. a call before purchasing elsewhere.

## Holiday Good Things.

P. N. Hansen has just received the following handy things to have in the house during the holidays: Fine old Jersey apple and peach brandy; fine Jersey elder, Christmas wax candles, Hacker's self-rising buckwheat flour, griddle cake flour and farina, and a very fine assortment of liquors, among which the famous Belle of Moscow wine stands without a rival. Try it.

## Military.

Madam S. J. Northway having opened millinery parlors in the second story of Dunkel's building, invites the ladies of Eureka to give her a call. She has an elegant line of millinery, and a large supply of the latest fashion in fashions. She is also prepared to do fine millinery work, hair work and fancy sewing.

## Received.

B. Alexander has just received the following choice articles: Whiskeys, brandies, gin, wines; also the celebrated honey marshmallows.

## Fresh Oysters.

The Jackson House Restaurant is in daily receipt of fine fresh Saddle Rock oysters.

## Singleton &amp; McNicol.

Are just in receipt of a splendid article of apple cider. Also, ale and porter in pints and quarts, of very superior quality.

## Received Daily.

Berg, the grocerman on South Main street, receives daily fresh oysters and fish.

## Wm. H. Stowell.

Assayer, No. 3 Main street, Eureka.

## A Superior Article.

Messrs. Singleton & McNicol have just received a carload of extra Kentucky whiskey.

## Fresh French and American Candies.

Offered for description at Brown & Godfrey's Restaurant.

## Look Out for Bargains

...AT...  
BERG'S!

## HAVING PURCHASED AT SHERIFF'S

Sale the entire stock of

## FANCY GROCERIES!

OF D. M. STEINLEDER & CO., at greatly reduced rates, I offer to the public at San Francisco cost price the above stock, in order to make room for a carload of goods arriving daily from the East and West.

## COURSE OF LECTURES.

A course of lectures, consisting of three, for the benefit of the Carson M. E. Church has been arranged. Speaker V. E. Church will deliver the first of the course on the 23d instant, his subject being "Abraham Lincoln." Attorney-General Davenport will follow on the 30th instant with "A Half Hour With Shakespeare." The last of the course will be given by Hon. Chas. S. Young, his subject being "Educational Systems, Ancient and Modern." We would suggest an additional course, and would like to hear from Senator Hobart, either on an "Extra Session," or "Strother as an Available Gubernatorial Candidate." Downing on "The Ingratitude of War Veterans." Steve Page on "Competition Pointed General Preble on 'The Rights of Tenants.'"

## EUREKA'S SHARE.

Thursday last two of Senator Hobart's bills, No. 10 and 11, noticed in a former paper, passed the Senate. On the same day Senator Foley's bill (S. B. No. 83) for the employment of attorneys at the National Capital to prosecute claims for the State of Nevada.

## THE RECEPTION.

The Governor's reception last night was very largely attended, and was a grand affair. Splendid costumes worn by the ladies of course were numerous; and the music was first-rate, and a bountiful supper was furnished on the Opera House stage. The festivities were kept up until the witching hour, etc.

## A MAN KILLED.

This morning about 3:30 o'clock Jack Ross, a well-known sporting man, and one of the proprietors of the Opera Hall Saloon, was fatally shot by Jim Coombs, a young man of about 20 years of age, who was very shortly there is every reason to expect.

Coombs \$10, whereupon Coombs applied abusive language to Ross and struck him over the back with a heavy cane. Ross, who had been sitting at a gaming table, then stood up and started for the front room of the saloon, followed by the assailant, who drew his pistol and fired. This shot, Coombs' arm being thrown up by a bystander, was harmless. Coombs followed Ross up and shot him in the side, and while the latter was retreating shot him in the head. Ross, who lived about 10 hours after receiving his wounds, was unconscious from the third shot, and never spoke. He was a Canadian, was about 30 years old, and was very popular with all who knew him intimately. There is a strong feeling against Coombs for the cowardly manner in which he did his bloody work.

## ODDS AND ENDS.

The young ladies of Carson, friends of Parson Davis, and some of their members of his church, are to give a dancing party at the Opera House on Monday evening next. A novel feature of the affair will be the wearing by the young ladies of Kate Greenaway dresses, which, by the way, are the latest la-dee-dee agency with us.

The Catholic Fair will open on Tuesday next,
